OBJECTIVE

As a passionate Front-End Developer, I specialize in building responsive and innovative web applications using **React.js**, **HTML**, **CSS**, **JavaScript**, and **TypeScript**. With hands-on experience in developing scalable solutions and improving user experiences, I have successfully delivered web applications through personal projects and internships. Currently, I am expanding my skills in backend development with **Node.js** and cloud technologies. I am eager to contribute my expertise in front-end development while continuing to grow my technical skills and deliver impactful, user-centered solutions.
